ALEX MORGAN

Business Analyst | RPA & Process Automation

alex.morgan@example.com • +27 00 000 0000 • Cape Town, South Africa • linkedin.com/in/alexmorgan-sample

PROFESSIONAL SUMMARY

Detail-oriented graduate Business Analyst with hands-on experience in requirements elicitation, process mapping and robotic process automation (RPA). Delivered an end-to-end invoice automation solution in UiPath that cut manual processing time by 70% in a simulated finance environment. Skilled at translating business needs into clear functional specifications and communicating with both technical and non-technical stakeholders.

CORE SKILLS

Business Analysis: Requirements elicitation, user stories, use cases, BRD/FRD writing, stakeholder interviews, gap analysis, UAT

Process & Modelling: BPMN 2.0, UML, as-is / to-be process mapping, workflow diagrams, wireframing

Automation & Tools: UiPath (Studio, Orchestrator, REFramework), Excel, SQL, Power BI, Jira, Visio, Draw.io

Methodologies: Agile / Scrum, Design Science Research, SDLC, Kanban

Soft Skills: Communication, problem solving, facilitation, documentation, attention to detail

KEY PROJECT

InvoiceFlow: Automated Invoice Processing (UiPath) Jan 2026 – Jun 2026

Academic capstone project | Role: Business Analyst & RPA Developer

- **Requirements:** Interviewed 6 finance stakeholders and mapped the as-is invoice workflow in BPMN, identifying 4 major bottlenecks and 9 repetitive manual tasks.
- **Documentation:** Wrote the Business Requirements Document, 22 user stories with acceptance criteria and a Process Design Document (PDD) approved by the project supervisor.
- **Solution:** Built an unattended UiPath bot using the REFramework to extract invoice data from email attachments, validate it against a supplier database and post it to a web-based ERP.
- **Impact:** Reduced average processing time from 12 minutes to 3.5 minutes per invoice (≈70%) and cut data-entry errors from 8% to under 1% during testing.
- **Reporting:** Created a Power BI dashboard tracking bot throughput, exceptions and processing time for management reporting.
- **Testing:** Planned and ran UAT sessions with 10 test users; logged and resolved 14 defects before sign-off.

PROFESSIONAL EXPERIENCE

Business Analyst Intern Jul 2025 – Dec 2025

Sample Company (Pty) Ltd, Cape Town

- Supported a team of 5 analysts in gathering requirements for an HR onboarding workflow improvement.
- Produced process maps, wireframes and user stories that reduced rework in development sprints.
- Analysed operational data in Excel and SQL to identify trends and presented findings to senior management.

Administrative Assistant (Part-time) Feb 2024 – Jun 2025

Example Retail Group, Cape Town

- Maintained records for 300+ customer accounts and improved spreadsheet reporting accuracy.
- Trained 3 new staff members on internal systems and standard operating procedures.

EDUCATION

BCom Honours in Information Systems 2025 – 2026

Sample University, South Africa

- Research project: design and evaluation of an RPA solution using a Design Science Research approach.

- Relevant modules: Systems Analysis & Design, Business Process Management, Database Systems, IS Project Management.

BCom Information Systems 2022 – 2024
Sample University, South Africa

CERTIFICATIONS

- UiPath RPA Associate Training (UiPath Academy), 2026
- Microsoft Power BI Data Analyst Fundamentals, 2025
- Agile & Scrum Foundations (online course), 2025
