THANDIWE MOKOENA

Business Analyst

Gqeberha, South Africa | 071 234 5678 | thandiwe.mokoena.ba@fictionalmail.com | linkedin.com/in/thandiwemokoena-ba

PROFESSIONAL SUMMARY

Certified Business Analyst with four years of experience gathering requirements, mapping processes, and supporting system implementations across the retail and financial services sectors. Holds industry-recognised certifications in business analysis, agile delivery, and data analytics. Skilled at translating business needs into clear documentation and working closely with stakeholders and delivery teams to drive measurable process improvements. Looking to bring a certification-led, hands-on approach to a Business Analyst role at Harrow & Vance Financial Group.

CERTIFICATIONS

- Entry Certificate in Business Analysis (ECBA) — International Institute of Business Analysis (IIBA), March 2022
- Agile Analysis Certification (AAC) — International Institute of Business Analysis (IIBA), November 2022
- Google Data Analytics Professional Certificate — Coursera, June 2023
- Microsoft Power BI Data Analyst Associate (PL-300) — Microsoft, February 2024
- Certified ScrumMaster (CSM) — Scrum Alliance, September 2024

CORE SKILLS

- Requirements gathering & elicitation (interviews, workshops, surveys)
- Process mapping & modelling (BPMN, flowcharts, swimlane diagrams)
- Stakeholder management & communication
- Data analysis & reporting (Excel, SQL, Power BI)
- Documentation (BRDs, user stories, use cases, functional specifications)
- Agile & Scrum delivery
- Gap analysis & solution evaluation

PROFESSIONAL EXPERIENCE

Business Analyst January 2023 – Present

Coastal Retail Holdings, Gqeberha, South Africa

- Gathered and documented business requirements from stakeholders across merchandising and supply chain, translating them into functional specifications for a new inventory management system.
- Mapped current- and future-state business processes for the stock replenishment workflow, identifying a 12% reduction in order-processing time.
- Collaborated with developers and the product owner to prioritise features in a sprint backlog and validate delivered functionality against acceptance criteria.
- Built and maintained Power BI dashboards tracking stock turnover and supplier performance for regional management.

Junior Business Analyst February 2021 – December 2022

Bayview Financial Services, Gqeberha, South Africa

- Supported requirements elicitation for a customer onboarding process redesign, reducing average onboarding time from 5 days to 3 days.
- Documented user stories and process flows for a loan application tracking tool used by 40+ branch staff.
- Conducted UAT sessions with branch employees and logged defects for resolution ahead of go-live.

Business Support Intern July 2020 – January 2021

Bayview Financial Services, Gqeberha, South Africa

- Assisted the analysis team with data cleaning and reporting for monthly branch performance reviews.
- Shadowed senior analysts during stakeholder workshops and helped compile meeting notes into action logs.

RELEVANT PROJECTS

- Inventory Management System Rollout — Led requirements workshops with warehouse and merchandising teams, produced a business requirements document (BRD), and supported UAT across three pilot stores, resulting in a smoother phased rollout across 15 additional stores.
- Customer Onboarding Redesign — Mapped the end-to-end onboarding journey, identified three redundant approval steps, and proposed a streamlined workflow that was adopted branch-wide.

EDUCATION

Kwazakhele Senior Secondary School, Gqeberha, South Africa — National Senior Certificate, 2019

Note: Formal qualification supplemented by industry certifications listed above and ongoing professional development in business analysis and data analytics.

TOOLS & SOFTWARE

Microsoft Excel, Power BI, SQL, Microsoft Visio, Jira, Confluence, SharePoint
